### WEBBIES WALK OF FAME HONORS STUDENT WORK Ceremony Will Showcase Student Achievements and Creativity

**Webster Groves, Mo., Feb. 12, 2008—** The School of Communications 19<sup>th</sup> Annual Webbies ceremony will be held at the Loretto-Hilton Center on Monday, April 7, at 7p.m. followed by a reception with food and drinks. The ceremony honors student work in all majors in the School of Communications from the main campuses and international campuses with the presentation of scholarships, achievement recognitions and other awards and honors.

The deadline for submissions is Feb. 29. The entry forms can be picked up and dropped off at the University Center front desk. Students will need to put their work on a CD/DVD. Rules and regulations are attached to the entry form.

The purpose of the Webbies Walk of Fame is to showcase student achievements and creativity in the School of Communications by honoring them in front of friends, family, faculty, alumni, and professionals in the communications field.

A Webbies award looks great on a resume for future jobs and internships. It's a great opportunity to network and get feedback from professionals who work in the field of communications. The Webbies ceremony provides a way to see examples of work that are considered to be the best according to people working in the field.
